Email was sent out by BobbiJo regarding the Raygun website. Raygun is working on our T-shirts and the webstore has been set up for us.

Our store is live on our website and as of now we are offering t-shirts and cups. All proceeds will go towards our mission. The cups are \$25.00, and we will receive \$12.50 per cup, T-shirts range from \$30 to \$38, and we will receive roughly \$20.00 per T-shirt. A discussion on the shipping cost came up. As of now we have lowered the cost of shipping from \$12.00 to \$9.99 flat rate to anywhere in the US. There is an option to pick up the items at either of our locations as well. We also discussed adding other items to the webstore as they become available.
